A 3D printed pitot tube for airflow speed measurements	paper	CT1	NA	Autors(4) - NO Copyright
A Afirmação do “Arquiespaço” no Mundo da Imagem do Catálogo da Marca Revígres de 2014	paper	CT4	NA	Submitted/Copyright
A Computer Application for Parametric Aircraft Design	paper	CT2	NA	Autors(3) - NO Copyright
A device for early Parkinson Disease diagnosis	poster	CT9	NA	Autors(4) - NO Copyright
A Framework for test and verification of inertial sensors and positioning algorithms	paper	CT9	NA	Autors(2) - NO Copyright
Abrasive wear behavior of Hadfield type medium-manganese steels	poster	CT15	NA	Submitted/Copyright
Aerodynamic Performance of Aerofoils Obtained from a Geometric Offset Applied to a Given Initial Aerofoil	paper	CT2	NA	Autors(3) - NO Copyright
Analysis of the Importance of the Factors Affecting the Cliff Stability in the Algarve Rocky Coast	paper	CT12	NA	Autors(2) - NO Copyright
Application of fuzzy logic to evaluate the lean level of an organization	paper	CT13	NA	Autors(3) - NO Copyright
Applications of Nuclear Reactions and Elastic Scattering to Non-destructive Surface Analysis of Materials	paper	CT15	NA	Submitted/Copyright
Avaliação de disponibilidades hídricas em bacias hidrográficas não monitorizadas - Caso de estudo	paper	CT29	NA	Submitted/Copyright
CFD simulation of outlet fins with DBD actuators for the HOMER nozzle	paper	CT1	NA	Autors(5) - NO Copyright
CLASSROOMS TOWARDS A SUSTAINABLE SOCIETY: Engineering and Architecture from Compulsory Education. An Experience in S	paper	CT23	NA	Submitted/Copyright
Coder and Decoder of Block 5B6B with Auxiliary Channel	paper	CT26	NA	NO Autors - NO Copyright
Coder and Decoder of Block mBnB Specifically the 7B8B	paper	CT26	NA	NO Autors - NO Copyright
Design for Lean Production on the improvement of a car component	paper	CT24	NA	Autors(5) - NO Copyright
Development of a cloud-based system for remote monitoring of a PVT panel	paper	CT14	NA	Autors(5) - NO Copyright
Development of mobile ultrasonic hydrostatic levelling system	poster	CT14	NA	Autors(3) - NO Copyright
Effect of Weave, Processing and Relative Humidity on Thickness, Apparent Density and Compressional Behaviour of PLA/Wool a	paper	CT27	NA	Autors(5) - NO Copyright
Equivalent circuit of a Dyn transformer by using the Unifying Theory of Electric Power	paper	CT9	NA	Submitted/Copyright
Error correction with Reed Solomon Codes	paper	CT26	NA	NO Autors - NO Copyright
Fault Detection and Isolation of Gearboxes	paper	CT13	NA	Autors(2) - NO Copyright
GROUND COVER ON PEACH TREE ORCHARD WITH ECOBLANKET: EFFECT ON SOME PHYSICAL AND CHEMICAL SOIL PROPERTIES	paper	CT3	NA	Autors(9) - NO Copyright
HIGH PERFORMANCE REINFORCED AND PRESTRESSED CONCRETE EXPOSED TO VIEW: CASE STUDY OF THE NEW IMAGEM AND S	paper	CT8	NA	Autors(3) - NO Copyright
Identificação e caracterização das bacias de captação superficial de água para abastecimento quanto a presença de disposição fi	paper	NA	NA	NO Autors - NO Copyright
Influence of constituent yarn systems on the moisture management performance of terry fabrics	paper	CT27	NA	Autors(1) - NO Copyright
Influence of the Composite Load Models in the Dynamic Voltage Stability	paper	CT9	NA	Autors(4) - NO Copyright
Knowledge extraction in Queue System using Data Mining Models	poster	CT7	NA	NO Autors - NO Copyright
Laboratory Performance Studies of IEEE 802.11 a, g Open Four-node PTMP Links	paper	CT9	NA	Submitted/Copyright
Le Corbusier’s Villa Savoye: Photography and Cinema in Architecture	paper	CT4	NA	Autors(2) - NO Copyright
Life Cycle Analysis applied to architectural projects: building system selection	paper	CT4	NA	Submitted/Copyright
Life Cycle Assessment of modular green roof architectural solutions	paper	CT4	NA	Submitted/Copyright
Losses analyzer in electrical cables assisted by microcontroller (μ Cla)	paper	CT9	NA	Autors(3) - NO Copyright
Mechanical and Electromagnetic Waves and their Applications in Telecommunications	paper	CT26	NA	NO Autors - NO Copyright
Model to support the Lean Building Maintenance (LBM)	paper	CT13	NA	Autors(3) - NO Copyright
Modelling the Portuguese population behaviour under fire situation	paper	CT29	NA	Autors(4) - NO Copyright
Numerical analysis of composite materials in flexsplines of harmonic drives	poster	CT15	NA	Autors(4) - NO Copyright

Optimization of a Fuzzy Logic Controller for MR dampers using ANFIS	paper	CT14	NA	Autors(2) - NO Copyright
Overall Service Efficiency (OSE) of a Condition Monitoring Service through Gap Analysis	paper	CT13	NA	Submitted/Copyright
Performance of buildings, and of small building concerns	poster	CT8	NA	Autors(2) - NO Copyright
Placemaking – qualidade do espaço público	paper	CT4	NA	Autors(1) - NO Copyright
Port activities and territorial conflicts in the metropolitan zone of Vitoria	paper	CT4	NA	NO Autors - NO Copyright
Power Consumption Characterization of DBD Plasma Actuators for boundary layer control	paper	CT1	NA	Submitted/Copyright
Preventive maintenance planning using genetic algorithms	paper	CT13	NA	Autors(3) - NO Copyright
Propulsion for Biological Inspired Micro-Air Vehicles (MAVs)	paper	CT1	NA	Autors(1) - NO Copyright
Pseudoceramic mortar as a restoration material of bricks of the architectural heritage	poster	CT15	NA	Submitted/Copyright
Quality Analysis of Cotton Fabrics Dyed in Protic Ionic Liquids	poster	CT27	NA	Submitted/Copyright
Quality of new ceramic materials obtained with tungsten mining waste: neo minerals formed mullite and hematite.	poster	CT15	NA	Submitted/Copyright
RCDs characterization for the use in Granular Layer of Road Pavements	paper	CT12	NA	Autors(3) - NO Copyright
Re-Design of ribbon for new applications	paper	CT27	NA	Autors(6) - NO Copyright
RIO – CAMPINAS HSR: Regional Development through Sustainable Interurban Mobility	paper	CT17	NA	Autors(1) - NO Copyright
Sampling a Granitic Residual Soil	paper	CT12	NA	Autors(1) - NO Copyright
Seismic Behaviour Analysis of Two Towers Shapes of the Cable-Stayed Bridge Proposal for Third Tagus Crossing	paper	CT29	NA	Autors(2) - NO Copyright
Silty-clay soil improvement with Hydraulic Lime with view to its use on roads	paper	NA	NA	Autors(2) - NO Copyright
Six Sigma Methodology Applied to the Study of inaccuracy in Clinical Laboratories	paper	CT13	NA	Under review
Sports System Monitoring Intensity of trampoline jump	paper	CT9	NA	Autors(4) - NO Copyright
STATISTICAL PROCESS CONTROL FOR A RESTRICTED AMOUNT OF DATA	paper	CT13	NA	Under review
Study of permeable pavements in urban areas Evaluation of his efficiency in order to reduce the runoff	paper	CT15	NA	Submitted/Copyright
Study of permeable pavements in urban areas Evaluation of his efficiency in order to reduce the runoff	paper	CT15	NA	Submitted/Copyright
The Engineering Student Generating a Product Useful for Educational Society	paper	CT23	NA	Autors(5) - NO Copyright
The Engineering Student Generating an Educational Product Useful to Society	paper	CT23	NA	Autors(5) - NO Copyright
The role of connectivity to the emergence of the airport-city concept: the case study of Lisbon Airport	paper	NA	NA	Submitted/Copyright
The Use of Open Platform in a GIS for Geotechnical Purposes	paper	CT12	NA	Autors(3) - NO Copyright
Thermal performance of the façade walls in Portugal	paper	CT8	NA	Autors(1) - NO Copyright
Understanding dynamics of innovation based on System thinking	paper	CT13	NA	Autors(2) - NO Copyright
Use of reclaimed asphalt pavement in warm mix asphalt	paper	CT15	NA	Autors(2) - NO Copyright
Variations in reactive power due to imbalances in linear three-phase systems	poster	CT9	NA	Submitted/Copyright
Wear behavior of steels for aluminum extrusion dies	poster	CT15	NA	Submitted/Copyright
Wind Turbines active power study using circular statistics	paper	CT10	NA	Submitted/Copyright
Chemical and sensorial properties of beetroot jam	paper	NA	TS1	Submitted/Copyright
Comparative study between infrared and hot air drying of courgette - kinetics curves and effective moisture diffusivity	paper	NA	TS1	Autors(4) - NO Copyright
Development and characterization of wheat breads with acorn flour	paper	NA	TS1	Submitted/Copyright
Factors affecting blueberry physical-chemical properties	paper	NA	TS1	Submitted/Copyright
Modeling of the phenolic compounds and antioxidant activity of blueberries by artificial neural networks for data mining	paper	NA	TS1	Submitted/Copyright
Phosphorus fertilization: Phosphate reuse in agroecosystems	paper	NA	TS1	NO Autors - NO Copyright

Physical properties of Physalis Peruviana L.	paper	NA	TS1	Submitted/Copyright
Physical-chemical properties of blueberry as influenced by production and conservation processes	paper	NA	TS1	Submitted/Copyright
Physical-chemical properties of Corema album (white crowberry or camarinha)	paper	NA	TS1	Submitted/Copyright
Applicability of Time-Temperature Indicators in Supporting the Tasting of Gourmet Products	paper	NA	TS10	Autors(5) - NO Copyright
Characterization of the use of household refrigerators and of food waste in the student community of the University of Beira Int	paper	NA	TS10	Autors(4) - NO Copyright
Characterization of thermal performance of telecommunication outdoor cabinet	paper	NA	TS10	Autors(4) - NO Copyright
Comparison of cherry drying processes.	paper	NA	TS10	Autors(6) - NO Copyright
Energetic evaluation of fruit conservation units in the Beira Interior Region	paper	NA	TS10	Autors(4) - NO Copyright
Numerical study of the thermal performance of an outdoor cabinet for mobile telecommunications equipment	paper	NA	TS10	Autors(4) - NO Copyright
Review of Mechanized/Automated Fruit Thinning Devices	paper	NA	TS10	Autors(4) - NO Copyright
Review of Sensing Methods for Fruits and Vegetables in the Workfield and Industrial Environment	paper	NA	TS10	Autors(4) - NO Copyright
Thermal comfort assessment in cold environments	paper	NA	TS10	Autors(4) - NO Copyright
Port city and urban life: about conflicts between projects and places	paper	NA	TS11	Autors(2) - NO Copyright
Rehabilitation of Hotels Vitória Port Region for social Housing Purposes	paper	NA	TS11	Submitted/Copyright
